Dear Property Owner:

Lamar County has applied to rezone property from Manufacturing 2 to Agricultural Residential. This property was zoned to M-2 in 1987 for industrial use but has since been used as a family residence. The purpose of this rezoning is to have the classification match the current use. This request requires two public hearings, both held at the Lamar County Administration Building, so that everyone has an opportunity to voice their questions or concerns. The Board of Commissioners will make a final decision after the second public hearing. The details of the application and dates/times of the public hearings are below:
